

FROM YOUR PASTOR

Dear Parishioners,

I believe everyone is enjoying a cool summer. Some senior folks say things have changed and this kind of weather during this time of the year we have never experienced before. We cannot change it but we have to adjust ourselves to it.

The economic crisis has made us adjust to our economy also. Whenever I share this concern with my brother priests they experience the same crisis in their parishes. It is a common factor in all our parishes in this country.

I do my best to provide the same services to parishioners by adjusting the staff and expenditures as low as possible, but there are things we cannot change, such as insurance, electricity and gas bills, maintenance work, and so on. The only option I have is to re-organize my staff to its minimum and to ask for more work. I want to thank my business manager and staff for the great support they give me at this time of crisis. If you have any questions on our parish finances, other than the members of our financial counsel, you may call me or my business manager. These are the only members who know the financial position of our parish. We are making every effort to be fiscally responsible and make the necessary adjustments to help us through this difficult economic climate.

I want to thank all of you who do support our parish to keep things moving. I know everyone is experiencing these hard times, but your continuing to give to our parish is highly appreciated. I do sincerely appreciate the time given by the many volunteers. These services you offer to God for our community is also a big savings to our parish.

I wish you all a happy and enjoyable summer.

May God bless you !

Fr. Roger
