Parents, please be aware of the Archdiocesan policy for picking up your children after class. The teachers are not allowed to release children except to a parent or designated adult. That means that you will need to come to the classroom at 11:15 to take them home. The children cannot be released if you are waiting for them in the parking lot. Please note that classes end at 11:15. I would ask you to be prompt in picking up your child(ren) since many of the teachers need to attend the 11:30 mass or leave to get to their homes.
